DepositLink

The Rental Wallet is a game-changer for rental companies and agents

The DepositLink Rental Wallet feature allows rental companies and agents to park payments in a dedicated and secure account during the tenant approval process. Payments can be forwarded from the wallet if a tenant is approved, or quickly returned if a tenant is rejected.

- Expedite the approval process by getting funds from tenants immediately
- No more collecting and holding on to paper checks
- Time-saver for agents and finance admins
- Real time tracking and reporting with receipts
- Redirect payments to landlords in seconds
