

DepositLink

Share wire instructions securely via *SecureShare*.

If your company is currently emailing unprotected wire instructions to send and collect payments, you and your clients could be at risk.

DepositLink can help.

With DepositLink *SecureShare*, real estate professionals can share wire instructions securely, for any payment type, and minimize the risk of wire fraud.

- Add instructions for any payment type or bank account
- Wire instructions can be shared by agents and admins
- Two-Factor Authentication Code sent to payer's mobile phone to access wire instructions
- Mark wire transfers as "Paid" in DepositLink after receiving funds
- Track and reconcile wire transfers with dollar amounts and property addresses on transactions table

Contact sales@depositlink.com to sign up for *SecureShare* today.
